

In the south of Belgium,
100 km from Brussels.

Belgium has a central
position in Europe; its
capital Brussels is also the
capital of the European
Union.

1. Like many cultures, we share a passion for regional stories/legends, which are played by someone special. Who tells these stories/legends? Not people but...?

1. What is the main meal of the day in Belgium: breakfast or lunch or dinner?

1. Which biblical figure do people in Liège celebrate each summer?

1. Why is Belgium so popular among people who like travelling?

1. Where is the town of Liège: in the north or in the south of Belgium?

2. Tchanchès, one famous legendary figure in the history of Liège, reminds its inhabitants of one of its first source of energy. Which one?

2. The students from the University and from colleges like Liège because one area of the town is dedicated to them. How is called this place? The circle or the square or the line?

2. Which adjective qualifies the inhabitants of Liège: warm or distant?

2. Belgium is known all over the world because of one comic strip? Which one?

2. Liège has a central position in Europe for travelling. A magnificent railway station was built by one of the most famous architect in the world? What's his name?
